Car Sharing in Cork

**Access to a
car without
the hassle of
owning
one**

"I did my sums and it saves me money."

Car Sharing: a great idea!

- Cost effective and user-friendly access to a car, with none of the hassle of ownership.
- The Car Sharing operator does all the paperwork, insures the car, sorts out tax and maintenance, and takes care of any problems.

Car Sharing: pay-as-you-drive common sense

- Option of different types of cars, from small runabout to family hatchback.
- You unlock the door using your membership card. Get in the car, tap in your PIN, and set off.
- Monthly itemised bills, debited automatically from your account.
- Do whatever you fancy with the money you save!

Car sharing in urban areas is an alternative to owning your own car. It allows people access to a car when they need it, from a place near their home or workplace. The car can be used for short trips lasting as little as an hour or booked for a few days. You only pay for the hours you keep the car and the distance you drive.

Easy

- Once you're a Car Sharing member, there's no other paperwork. You just book it, jump in the car and drive away.

Flexible

- Book a car for as little as an hour, on-line or calling our 24-hour booking centre.

Affordable

- The freedom of a car when you need one, without the hassle and overheads of a car when you don't - just pay for the time the car is in use and the distance driven.

Look after the environment

- Pay-as-you-go car use reduces parking pressure, cuts out unnecessary car journeys, helping to combat pollution and congestion.

Reserved parking

- Cars are conveniently located in reserved bays, on-street or off-street, but close to where you live.

Access to a car without the hassle of owning one
